

SMOKING POLICY

The company recognizes that uncontrolled smoking of tobacco products is a fire hazard and also harmful to the health of smokers and non-smokers through passive smoking. It is the Company's objective to prevent fire incidents, maintain good health for all employees and discourage smoking on board and in office premises under Company control.

To achieve the above objective, the Company's policy is as follows:

- Smoking is only allowed in the following areas when the vessel is outside the 500m restricted zone:
 - ✓ The perimeter outside the wheelhouse.
 - ✓ An area on the main deck just aft of the accommodation, this area is to be clearly marked.
 - ✓ Within accommodation, provided there is a dedicated smoking area provided by the company and the smoking area meets all air extraction requirements. The indoor smoking area shall be approved by Senior Management.
 - ✓ When operating within the 500m restricted zone, smoking is prohibited in all locations other than approved smoking areas in the accommodation.
- Non-Designated smoking areas in all shore work areas:
 - ✓ Within all office areas
 - ✓ Enclosed office areas
 - ✓ As per the legislation of the country where the office is located

Note: This policy is also applicable to usage of Electronic Cigarette (Personal Vaporizer).
